School Update for Grades 8<sup>th</sup> to 12<sup>th</sup>

24<sup>th</sup> April 2023, Monday

## SCIENCE IN ACTION

Dear Parents,

A much awaited in-campus Science Exhibition is on the roll for **Grade 8<sup>th</sup> to 12<sup>th</sup>**. The exhibition will provide a platform for students to showcase their creativity, innovation and scientific knowledge. This is a great opportunity for the students to apply the knowledge gained academically and to develop their skill in scientific research, experimentation and communication.

### **Theme - Science in Action: From Theory to Application**

Students must explore the given theme under the following sub topics

- Earth and Environmental science
- Flora and Fauna
- Energy and Space
- Computer Science and Math
- Food Science
- Invention and Innovation
- Electricity and Electronics

**Keen participants must note:**

1. Choose a topic related to the theme of exhibition.
2. Develop an exhibit that demonstrate a scientific concept or principle.
3. Prepare a brief description of your exhibit, including the scientific principles it demonstrates as well as the materials and equipment required.
4. Submit your exhibit proposal to your science teacher by: - 30<sup>th</sup> April 2023, your teacher will review your proposal and provide feedback and guidance.
5. Once your proposal has been approved, begin preparing your exhibit. You have to work in a team of 3 students.

For questions and concerns, contact respective Science teachers.
