

# Sanskriti KMV School

1<sup>st</sup> August 2023, Tuesday

**URGENT ATTENTION!**

Dear Parents

This is in context to the current outbreak of Conjunctivitis (Eye Flu) in the region during the monsoon season.

**It is our prime objective to communicate and alert all the stake holders to instill safety for all from the highly infectious virus.**

Note:

- In case you see any symptoms of conjunctivitis/eye flu, then do not send your ward to school.
- Take timely medication under doctor's prescription only.
- With the onset of Rainy season , the spread of bacteria and viral related diseases like typhoid, dengue etc. also increases. Hence students must follow good hygiene routine, take home cooked food only and safe drinking water.
- Keep a close watch on keeping your environment clean.

Pink/red-tinged eye irritation

Watery eye discharge

Mild pain

Sore throat or runny nose

Mild light sensitivity

Eye crustiness upon waking

Swollen eyelids

Issued in interest of all.

**Your ward must attend school only in HEALTHY CONDITION.**
