NURSERY

Happy Holidays!

Sweet as a berry, Summer is merry

Cool fruits and lemonade

A memory that will never fade

Vacations are always FUN

Remember not to go out in the sun!

Dear Parents,

Summers are here in all its glory. And if summers are here holidays can't be too far behind. It's time for students to enjoy their vacations with family and friends. It is also time for them to learn new things from their surroundings and experiences, explore new places, listen to stories, try new skills and most importantly have fun and play both indoor and outdoor games.

So to avoid being monotonous during the summers, few activity based tasks have been designed for the students so that they can spend their summer vacation in the most constructive way

But before advancing towards it few points need to be taken into consideration:-

- ✚ Students should complete their holidays homework and submit it positively post vacation. It should be handed over to the Grade In-charge in a single clear folder labelled properly with student's name, class and section.
- ✚ Do maximum reading practice at home.
- ✚ Revise all the conversation questions and rhymes whichever already have been done in the class.
- ✚ There will be an English poem recitation competition in the month of July. So prepare one theme full rhyme along with self-introduction

HAVE FUN !!
