

Sanskriti KMV School

21st July 2026, Tuesday

Important Fee Update

Grades IV to VIII

Dear Parents,

At **Sanskriti KMV School**, our priority is to maintain the highest quality of education and provide the necessary facilities for our students' optimal growth and learning. In light of the rising temperatures and the need for a comfortable learning environment, we have equipped our classrooms with air conditioning to ensure that students remain comfortable and focused, regardless of the temperature outside.

This decision is based on the results of a recent survey, where parents expressed the need for air-conditioned classrooms to enhance their children's learning experience. We have taken your feedback seriously and implemented this necessary facility, recognizing that it is a requirement due to weather conditions rather than a luxury.

To support this enhancement, there will be an increase of Rs. 500 as a miscellaneous charge in the monthly fee of Grades IV to VIII, effective from August onwards. This adjustment will help us continue delivering the standard of education and care that you expect from Sanskriti KMV School.
