Best Out of Waste Art Activity 2026

Grades VI to VIII

"Creativity is seeing what others see and thinking what no one else ever thought."

Dear Parents,

To nurture creativity, environmental consciousness, and the spirit of innovation among students, the school is organizing a 'Best Out of Waste' Art Activity for students of Grades VI to VIII.

Students are encouraged to transform recyclable and discarded materials into useful or decorative creations, demonstrating how waste can be creatively converted into valuable and functional objects.

Guidelines:

- Students must use recyclable or discarded waste materials only.
- Participation may be individual or in teams of 3–4 students.
- The artwork may be 2D or 3D.
- The size of the exhibit should not exceed 24" × 24" (inches).

Completed projects must be submitted during the
last week of July 2026.

*All selected creations will be showcased in a School
Art Exhibition.*
