Mathematics Show & Tell Activity (Classes I-V)

Dear Parents,

This is to apprise you that the school is organizing-
"*Mathematics Show & Tell*" activity for students of Classes I-V
to promote joyful and experiential learning.

Activity Date: 23rd and 24th July 2026

Activity Guidelines:

- Each student will bring one simple household object related to a Mathematics concept.
- The child will present the object for 40–60 seconds, explaining the mathematical concept and its real-life application.
- At the end of the presentation, the child must ask one mathematical question related to the object to engage the audience.
- The presentation should be prepared in the child's own words with parental guidance.

Suggested Objects:

- Grade I: Toy car, ball, dice, blocks, spoon, fruits, clock, pencil.
- Grade II: Coins, currency notes, ruler, clock, calendar, water bottle.
- Grade III: Chocolate bar, pizza model, buttons, measuring tape, dice.
- Grade IV: Calendar, clock, measuring tape, book, cubes, number cards.
- Grade V: Shopping bill, measuring cup, ruler, calculator, currency notes.

Or

You may choose any object of your choice

Important Note:

- Send only safe and easy-to-carry objects.
- Label the object with the student's name, class, and section.
